

*Welcome to the Eighteenth Annual  
East Idaho Fly Tying & Fly Fishing Expo  
A Celebration of Fly Tying & Fishing*

On behalf of the Snake River Cutthroats I want to thank you for attending this year's Expo. Ever since Dr. Jim McCue formed the Snake River Cutthroats in 1972, the organization has strived to raise awareness and money to support local fisheries. The Expo was first held in 1994 and has been growing and evolving ever since. The goal of this yearly event is to raise money to support local conservation and education programs and you have all made it a great success, helping us to raise more than \$178,000 over the past seven yrs, alone. A large part of the funds you have helped us to raise has gone to rehabilitation of cutthroat habitat along an important tributary of the South Fork, Rainey Creek, in partnership with our local TU organization. Your dollars have also supported a wide range of other efforts all to the benefit of the fish, their habitat, and the facilities that we all use to get out and cast a line in our favorite water. We also like to get our hands dirty and this year we will celebrate our 23<sup>rd</sup> year working in the Salmon area, building better homes for steelhead and trout. Our education programs continue to grow and include formal classroom instructions, free casting clinics, beginning fly fishing and tying classes, fishing outings, and special youth and women's programs. New this year, we also started a local chapter of "Project Healing Waters" a national veteran's program.

We have always felt that the success of the Expo is due, in large part, to our motto, "Put on the best Expo possible and have fun doing it." The Expo begins each year in September when committee members begin planning meetings. Their dedication, attitude, and hard work ethic to continually make the Expo better each year are reflected in the high quality of our event. We've been fortunate to have a core of dedicated, experienced folks return to the Expo Planning Committee each year and have benefited from an ongoing infusion of new people and new ideas to help the event to continue to change and evolve. The Expo picture is completed with a large number of motivated volunteers who work tirelessly to help make the days of the actual event enjoyable for all. I wish to thank all of the people, present – past – and future who contribute to the continuing success of the Expo.

You are invited to join our organization and participate in all the fun. Believe it or not, we even go fishing! We hold monthly meetings from October to May, hosting guest speakers who will give you insight into where, when, and how to fish. These meetings also give you the chance to get up to date info on conservation and fishing outings. These meetings are held on the second Wednesday of the month October thru May at 6:30 pm at the Shilo Inn and are open to everyone. During the summer we host monthly fishing outings where we get together to try our luck and compare fish stories. The outings range from single days chasing trout and panfish to multi-day float trips. Besides growing your fishing skills you will make some great friends.

So please enjoy the Expo and have some fun! The trout appreciate the money you spend on raffles and auctions and we all appreciate your enthusiasm for the sport we love. Thank you for attending the Expo!

Dave Pace  
President – Snake River Cutthroats

# EXPO SCHEDULE AT A GLANCE

Friday April 15<sup>th</sup>

## Fly Tying Demonstrations

Tying Session 1 8:00 – 11:00	Tying Session 2 11:30 – 2:30	Tying Session 3 3:00 – 6:00
---------------------------------	---------------------------------	--------------------------------

## Video Tying Theater

	Ben Bing 10:30 – 11:30	Howard Cole 12:00 – 1:00	Todd Lanning 1:30 – 2:30	Mike Lawson 3:00 – 4:00	Steve Korbay 4:30 – 5:30
--	---------------------------	-----------------------------	-----------------------------	----------------------------	-----------------------------

## Youth Activities

Fly Tying and Knots 8:00 – 6:00					
	Youth Casting 10:30	Youth Raffle 11:00		Youth Casting 1:30	Youth Raffle 3:00
	Youth Entomology 9:00 – 11:00				

## Casting Games

	Accuracy Qualifications 4:00 – 6:00
--	--
